List of concept- and mind-mapping software

From Wikipedia, the free encyclopedia
(Redirected from List of mind mapping software)

Concept-mapping and mind-mapping software are used to create diagrams of relationships between concepts, ideas or other pieces of information. It has been suggested that the mind mapping technique can improve learning/study efficiency up to 15% over conventionalnote taking.[1]

The following is a list of notable concept mapping and mind mapping software.

[edit] Proprietary software

There are many pieces of proprietary software that allow the creation of mind maps.

Software	Publisher	Platforms	Notes/Features
3D Topicscape	3D-Scape Limited	Microsoft Windows	Desktop application that presents mind maps as a 3d scene where each node is a cone. Imports MindManager, Personal Brain, FreeMind, text and folders.
Axon Idea Processor	Axon Research	Microsoft Windows	Axon also provides a variety of tools for working with ideas and concepts rather than words. Analyze and solve more complex problems.
Buzan's iMindMap	ThinkBuzan Ltd	Microsoft Windows,Mac OS X, Linux	Desktop application that provides organic Mind Mapping methods to create Maps for brainstorming, organising, creative thinking, project management and planning. Integrates with Microsoft Office, OpenOffice.org and iWork.
Cacoo	NuLab Inc.	Web application	A Flash-based real-time collaborative drawing tool with stencils for mind mapping
Creately	Cinergix Pty Ltd	Cross-platform	Online Adobe Flash-based diagramming and visual thinking tool for collaboration. Diagramming software with mind map capability.
Debategraph	Debategraph	Web application	Concept- and argument-mapping tool
Flying Logic	Sciral	Microsoft Windows,Mac	Desktop application for thinking process maps inspired by the Theory o

Software	Publisher	Platforms	Notes/Features
		OS X, Linux	constraints supporting constrain management.
Inspiration	Inspiration Software	Mac OS X,Microsoft Windows, Palm	Visual Learning, Mind Mapping
Kidspiration	Inspiration Software	Mac OS X andMicrosoft Windows	A visual learning and mind mapping software application for students in kindergarten through 5th grade
LucidChart	LucidChart, LLC	Web application	An HTML5-based collaborative diagramming tool that can be used for both mind mapping and concept mapping
Microsoft Visio	Microsoft	Microsoft Windows	Part of Microsoft Office family of products, it can draw nearly any stati diagram including block diagrams, organizational charts, maps, plans or workflows.
Mind42	IRIAN Solutions	Web application	▪ Browser-based collaborative web application; ▪ Real-time collaborative editing (the application name, "Mind42," is intended to be read as "Mind for two"); ▪ Free to use without functional limitations; ▪ Limited support by developer.
MindGenius	MindGenius	Microsoft Windows	First released in 2001, now certified for Windows 7 and Vista and available in both business and academic versions. ▪ Type and return functionality to capture information quickly ▪ Different mapping views for brainstorming, planning, project management, and presentations ▪ Advanced categories, analysis and task management functionality

Software	Publisher	Platforms	Notes/Features
			▪ Integrated Gantt chart view ▪ Wide range of exports to MS Office and Adobe applications, including Word, Excel, PowerPoint, Project and PDF
MindManager	Mindjet	Microsoft Windows,Mac OS X	Desktop application comes in Basic and Pro versions. Integrated with Microsoft Office, available Gantt chart add-in, built-in spreadsheet, Fluent UI.
MindMaple	MindMaple Inc.	Microsoft Windows	MindMaple is generally used as a business tool mainly for Project management, Brain storming and sharing ideas, Managing schedules, Creating visual presentations. ▪ Mind Map with Drawing Interface ▪ Visual Task Information ▪ Export Mind Map to Other Sources ▪ Add Additional Information
MindMapper	SimTech Systems	Microsoft Windows	▪ Mind mapping, idea visualization, brainstorming ▪ Process Flow, Org Charts, Fishbone diagramming ▪ Concept maps and Flowcharts ▪ Project Management with built-in Gantt Charts ▪ Built-in Presentation ▪ Post it style memo notes ▪ Integrates with Microsoft Office
MindMeister	MeisterLabs GmbH	Microsoft Windows,Mac OS X, Linux	▪ Browser-based collaborative web application ▪ Offline Mode ▪ Android, iPhone and iPad applications, providing access to online mind maps ▪ Built-in chat ▪ Subscription based, also offering a free limited access option

Software	Publisher	Platforms	Notes/Features
Mindomo	Expert Software Applications	Microsoft Windows,Mac OS X, Linux	Online/Offline Flash-based mind mapping tool with free and paid versions.
MindView	MatchWare	Microsoft Windows,Mac OS X	▪ Professional Microsoft Office Integration (Word, PowerPoint, Excel, Microsoft Outlook, Project) ▪ 6 Interchangeable Views – Including Gantt Chart and Timeline ▪ Calculation Feature and Excel Integration ▪ Optimized for Project Management ▪ Advanced Filter Function
Mix-Ideas.com	MixiBay	Linux, Microsoft Windows, Mac OS X, Java friendly OS	Web application to make a dimension to your ideas, some features: ▪ An easy mouse interface : One click for a bubble, drag and drop to link to a new bubble, to move a bubble... ▪ Free private personal space to manage your documents ▪ Share your documents with your colleagues or friends groups with different identities (name, nickname, ...) ▪ A Secure connection (https) and personal space, European data protection law ▪ A little french touch
NovaMind	NovaMind	Mac OS X,Microsoft Windows	▪ Mind Mapping, Presentation, Screenwriting ▪ (Note: One of the only programs that has a free layout mode where you can put the branches where you like.)
OmniGraffle	The Omni Group	Mac OS X	
PersonalBrain	TheBrain Technologies	Windows, Mac OS X, Unix, Unix-like	Graphically intensive and customizable GUI, extremely cross-platform. Notes, calendar, Microsoft Outlook features. Multiple parent node capability.

Software	Publisher	Platforms	Notes/Features
Prezi	Prezi Inc	Web application,Windows,	Presentation software that supports free form placement and zooming o a single sheet.
Qiqqa	Quantisle Ltd.	Microsoft Windows	Minds maps for academics oriented around their research papers, notes and annotations.
Semantica .	Semantic Research	Mac OS X andMicrosoft Windows	A family of software for creating, viewing, storing and sharing of knowledge structures
SmartDraw	SmartDraw Software, LLC	Microsoft Windows	SmartDraw is a visual processor used to create flowcharts, organization charts,mind maps, gantt charts, and other visuals.
Solution Language Tool	Solution Language Oy	Microsoft Windows	organic mind maps and activity maps
SpicyNodes	IDEA.org	Adobe Flash	radial maps, viewer can move from node to node
Tinderbox	Eastgate Systems	Mac OS and Mac OS X	A content management system with concept mapping and mind mappin capabilities
Visual Mind	Mind Technologies	Microsoft Windows	Supports collaboration (client/server) mode.
XMind Pro	XMind Ltd.	Microsoft Windows,Mac OS X, Linux	
dotthinker	dotthinker Limited	Web App	Web app that provide creation of mind maps online.
