FINAL MARK											

Specific rubric evaluation:

The mark will be written, in the skill of the general evaluation: **"Has the ability to express clear ideas".**

In this Activity the student will be evaluated on their assignments using the following point rubric:

You can ask your students to contribute to the assessment rubric by determining which basic environmental conditions must be included in lists and how many characteristics should be mentioned in the descriptions.

- Seven points to ten:

Clear and well-reasoned explanations of problems with the environment and their solutions.

- Four points to six:

Fairly clear explanations of problems with the environment and their solutions.

- One point to three:

Inadequate and some explanation of problems with the environment and their solutions.
