## **Cambridge Professional Development**

We believe that supporting teachers in their professional development leads to improved outcomes for learners. Good quality training and reflective practice are essential parts of a teacher's professional life.

We offer a number of different training and professional development opportunities for teachers according to their experience and needs, grouped under three different categories.

Training courses are available <u>online</u>, <u>face-to-face</u> or a mixture of both. Our Professional Development Qualifications can be run as in-house programmes at a Cambridge school or teachers can enrol for a course at a Cambridge-approved centre. Our approach to training and professional development supports teachers to become confident, responsible, reflective, innovative and engaged.

## **Introductory Training**

Our <u>Introductory Training</u> helps teachers get started with our programmes, syllabuses and curriculum frameworks.

## **Extension Training**

Develop a deeper understanding of Cambridge programmes and qualifications with our Extension Training.

## **Enrichment Professional Development**

Our <u>Enrichment Professional Development Workshops</u> encourage teachers to transform their classroom practice, raising the quality of teaching and learning in their school.
